Chart: 742

Sweden. Southern Baltic. Hanö sund. Hanö. Nogersund. Hälleviksbukten. Laying of submarine pipeline.

Expired notices: 2020:789/14632(T)

Time: Summer 2020

Pipelines will be assembled in lengths of up to 500 m at the northern part of Hälleviksbukten.

The floating pipelines will be moved to their final position between Nogersund and Hanö where they will be lowered.

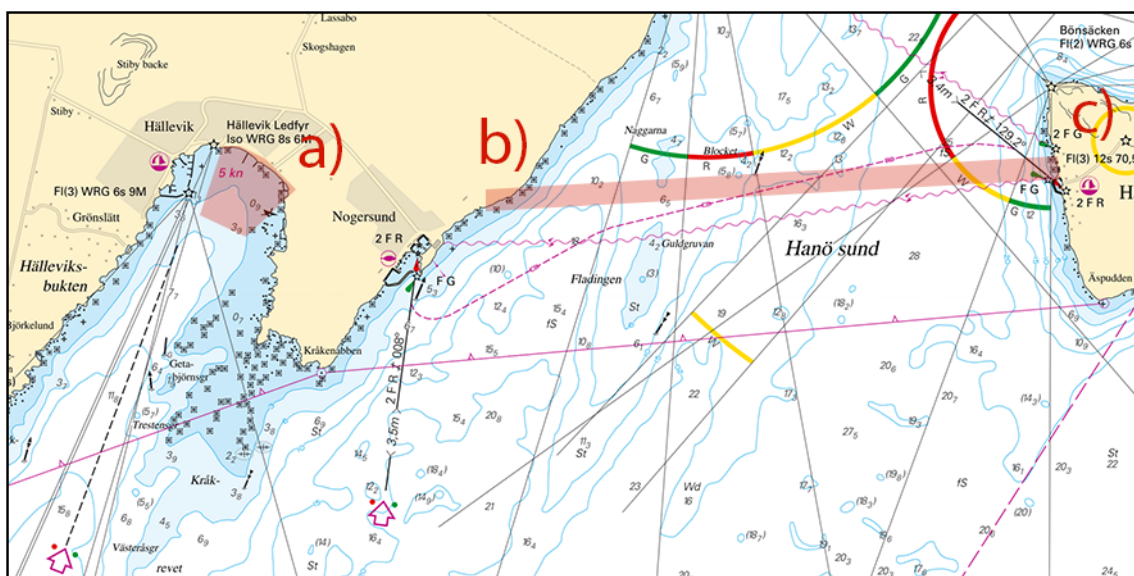

Floating pipelines are marked-out by buoys equipped with flashing yellow lights.

Diving work is ongoing periodically. Mariners are advised to proceed with caution and to observe diving signals.

* 14908 (T)

Chart: 742

Sweden. Southern Baltic. Hanöbukten. SE of Sölvesborg. Hälleviksbukten. Laying of submarine pipeline.

Expired notices: 2018:725/13508(T)

Time: Until summer 2020.

Work is ongoing on laying a pipeline in Hälleviksbukten as shown below.

From the working area in the northeastern part of Hälleviksbukten, 90 m long pipelines will be transported for temporary storage along the southern pier in Hälleviksbukten harbor.

A pipeline will be assembled in Hälleviksbukten harbor and laid across the bay. Completed sections will be held afloat before being lowered to the seabed. These are marked-out by buoys equipped with flashing yellow lights.

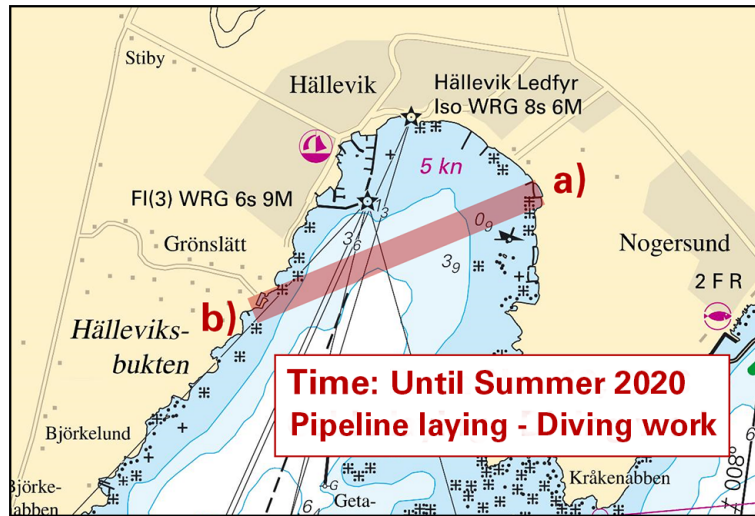

Pre-trenching on the seabed is done from Grönslätt and about 350 m out into the bay.

Diving work will occur in connection with the work.

Mariners are advised to proceed with caution and to observe diving signals.
